Wind-Insurance Premium Discounts

Dear Policyholder:

Citizens wants you to receive any premium discounts for which you are eligible. You already receive a wind-insurance premium discount because your home was built in 2002 or later, and you may receive other discounts for home-strengthening features such as certain storm shutters.

Even if you have previously submitted information demonstrating eligibility for certain discounts, you may be eligible for additional discounts if you have home-strengthening features on your home. Examples include a new roof with an enhanced roof deck attachment (how your roof sheathing is attached to your home) or a single/double wrap upgrade (an improved method to attach your roof to the walls). You must contact your agent to determine eligibility.

Notes:

- Citizens may require a wind-mitigation report by an appropriate licensed professional to verify any wind-mitigation features.
- All materials and installation requirements must adhere to applicable standards.

Please contact your agent at <agent phone #> for guidance.
