Qty	UOM	Description		
2	EA	8ft x 8ft Galvanized Metal Platforms. Notes: These two platforms start immediately from the front portion of the trailer over the Gooseneck and have a cut out around the air conditioner to avoid interference. The platforms shall support the weight of various satellite and electronic equipment.		
1	EA	Custom Aluminum Ladder: Notes: A custom aluminum ladder will attach to the front of the trailer and to the platform and wrap around the nose of the trailer. The tubes of the ladder will be 3" x 2" inch minimum in diameter to provide for a wire conduit to the satellite platform.
