Audit Committee Charter Review

History

The Audit Committee Charter is a formal document that sets out the authority of the Committee to carry out responsibilities established for it by the Board of Governors.

The Charter defines that the purpose of the Committee is to assist the Board in fulfilling its oversight responsibilities for the integrity of Citizens' financial statements; Citizens' compliance with legal and regulatory requirements; the independent auditor's qualifications and independence; and the performance of the Office of the Internal Auditor (OIA) and independent auditors. In discharging its responsibilities, the Committee will have unrestricted access to members of management, employees, and information it considers necessary to discharge its duties.

Annually, the Chief of Internal Audit, under the direction of the Audit Committee, completes a review of the Charter against industry best practices and the Citizens Statute. Following this assessment, the Chief of Internal Audit found the Charter to be appropriate with no changes.

The Charter was presented to the Committee and approved for presentation to the Board at the July 11, 2023 Committee meeting.
