

Technology Infrastructure, Software, and Professional and Staff Augmentation Services – Part 1 (Omnibus)

Aditya Gavvala, VP-Chief Information Officer

Background

History

Since 2009, Citizens has requested Board approval for technology goods and services via an Omnibus approach, i.e., overall approval of combined items via a single Action or Consent Item. Until 2020, Citizens' Omnibus request had been presented to the Board in December seeking contracting authority for the following calendar year. Based on a Board member's request made at the March 25, 2020 Board of Governors meeting for additional lead time for item approvals, Citizens began taking a two-part approach to align with the Board member's request.

Part 1 & 2

Action Item (Part 1) is primarily focused on anticipated purchases from Jan – Apr 2024

- Targeted for September 2023 Board of Governors Meeting

Action Item (Part 2) will be focused on anticipated purchases from May – Dec 2024

- Targeted for December 2023 Board of Governors Meeting
- Note that Part 2 is an estimate only and may vary from the amounts estimated herein, based on business needs that may arise prior to the December 2023 Board of Governors Meeting

The projected spend in each of these parts is categorized into Infrastructure, Software and Professional Services & Staff Augmentation.

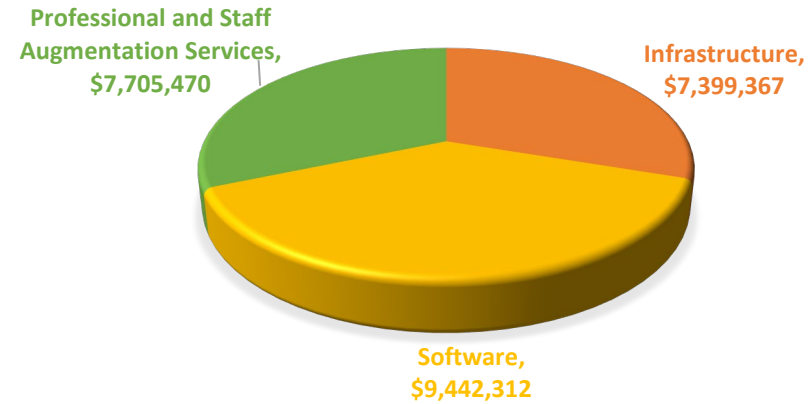

- Infrastructure category groups all line items related to the spend associated with Technology Hardware, Network Infrastructure, Telephony, Connectivity, Data Center, Storage etc.
- Software category groups all line items related to Systems Software, Software as a Service, Infrastructure Software, Cloud Computing, Operations Software, Platform Software and tools.
- Professional Services & Staff Augmentation category includes spend related to technology related services from systems development and support vendors, software platform vendors, infrastructure service vendors, and staffing vendors.

2024 Omnibus

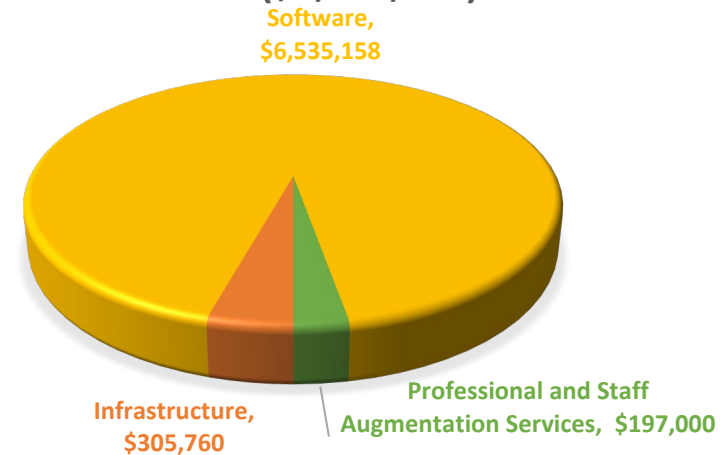

**2024 OMNIBUS
TOTAL: \$31,585,067**

PART 1 (\$24,547,149)

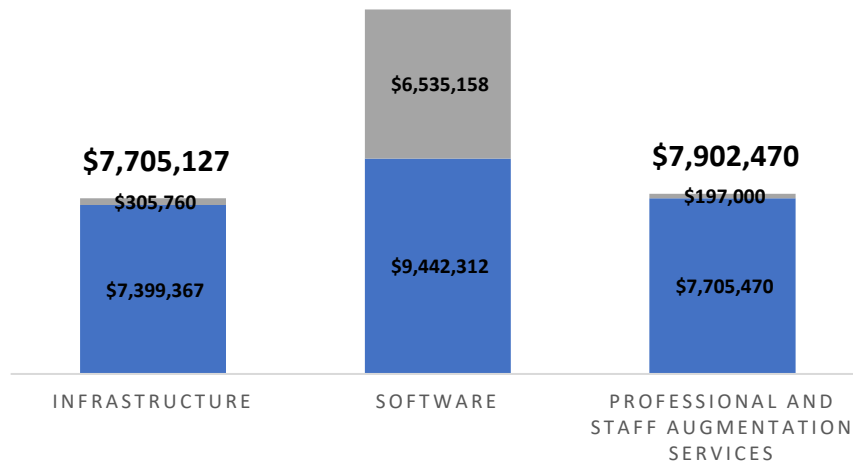

PART 2* (\$7,037,918)

2024 OMNIBUS - BY CATEGORY

■ Part 1 ■ Part 2*

\$15,977,470

* Omnibus Part 2 is an estimated amount as of today. Final amounts will be presented to the December Board.

2024 Omnibus

PART 1 (\$24,547,149)

Professional and Staff Augmentation Services, \$7,705,470

Infrastructure, \$7,399,367

Software, \$9,442,312

PART 2* (\$7,037,918)

Software, \$6,535,158

Infrastructure, \$305,760

Professional and Staff Augmentation Services, \$197,000

Part 1 – Infrastructure [\$7.4M]

- Infrastructure Refresh for End-of-Life components: \$3M
- Data / Internet Services: \$4.1M
- Field Support Vehicle Support & Satellite Communications: \$300K

Part 2*- Infrastructure [\$306K]

- Backup and Data Center Services: \$306K

Part 1 – Professional Services & Staff Augmentation [\$7.7M]

- Major Citizens Initiatives: *Enterprise Litigation Management, Claims Administration System Digital Transformation, Fraud Analytics, Citizens Eligibility Reimagined, Performance Assurance, Identity & Access Management, IT Technology support*: \$5.4m
 - Contingent Staff : \$3.4M
 - Professional Services Task-order based services : \$2M
- Professional services for products support (ERP, other Software Products) : \$1.4M
- Gartner Research Subscription: \$358K
- Product Vendor support based Services: \$500K

Part 2* – Professional Services & Staff Augmentation [\$197K]

- Application Software Services (\$52K), Risk & Security Services (\$50K), Capacity Planning Tool Implementation (\$95k)

Part 1 – Software [\$9.4M]

- Cloud Data Center (\$2M), Microsoft (\$700K), Monitoring (\$500K), Virtualization Software (\$200): \$3.4M
- Network & Storage Tools : \$1.25M
- Software as a Service / Development / Automation Tools: \$2.9M
- Middleware Software components: \$400K
- Enterprise Architecture, Risk & Security Software: \$670K
- Enterprise Services Software (Capacity Management, Collaboration tools): \$750K

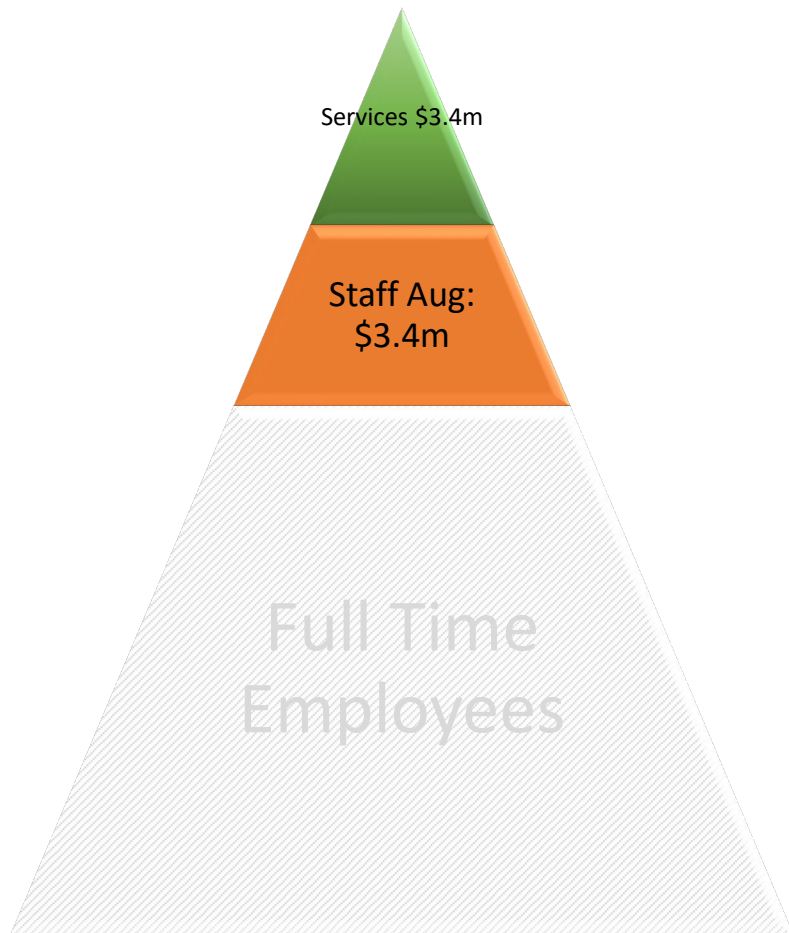

Part 2* - Software [\$6.5M]

- Document Intake & Repository Software (multi-year renewal): \$2.5M
- Network tools, Audio/Video, Storage, Backup & Recovery tools: \$750K
- Software as a Service / Development / Automation Tools: \$1.7M
- Middleware Software components: \$1M
- Enterprise Architecture, Risk & Security Software: \$330K
- Human Resources, Enterprise Services Software (Collaboration, Requirement Engineering tools): \$210K

* Omnibus Part 2 is an estimated amount as of today. Final amounts will be presented to the December Board.

Resource Strategy

- Application Development Professional Services are used on going systems maintenance and enhancements.
- Staff augmentation services are used for accelerating the delivery of major flagship business initiatives such as Enterprise Litigation Management, Claims Administration System Digital Transformation, Fraud Analytics, Citizens Eligibility Reimagined, Performance Assurance, and Identity & Access Management etc.
- Citizens Staff (full time employees) drive delivery of all Citizens initiatives balancing resource composition as appropriate based on criticality of the initiative, time-to-market requirements, skillsets and support needs.

2023 vs 2024 Omnibus – By Category

Total Omnibus (2023 vs 2024)

Total Omnibus

	Part1			Part 2			Total		
	2023	2024	2024-2023	2023	2024	2024-2023	2023	2024	2024-2023
Infrastructure	\$ 6,684,344	\$7,399,367	\$715,023	\$2,903,785	\$305,760	(\$2,598,025)	\$9,588,129	\$7,705,127	(\$1,883,002)
Software	\$ 5,995,410	\$9,442,312	\$3,446,902	\$6,513,255	\$6,535,158	\$21,903	\$12,508,665	\$15,977,470	\$3,468,805
Professional and Staff Augmentation Services	\$ 6,255,607	\$7,705,470	\$1,449,863	\$2,752,181	\$197,000	(\$2,555,181)	\$9,007,788	\$7,902,470	(\$1,105,318)
Total	\$ 18,935,361	\$ 24,547,149	\$ 5,611,788	\$ 12,169,221	\$ 7,037,918	(\$5,131,303)	\$31,104,582	\$31,585,067	\$480,485

2023 vs 2024 Omnibus

2023 vs 2024 Omnibus

Differences in Totals between 2023 and 2024

- Software \$3.46m+
 - Existing Document Generation and Repository multi year renewal hitting in 2024: \$2.5m
 - Performance Monitoring and Telemetry software: \$500k
 - Capacity Planning Tool (New): \$416k
 - Pager Duty tool for Help Desk automation (New): \$150k
- Infrastructure: \$1.8m-
 - Disaster Recovery multi year renewal was done last year \$1.35m
 - Legacy Storage Components (\$500k)
- Professional Services & Staff Augmentation: \$1.1m-
 - Reduction in staff augmentation services: \$1.1m

Differences in Part 1 between 2023 and 2024

- Software: \$3.4m+
 - Cloud Subscription costs moved from Part 2 to Part 1: \$1.2m
 - Storage, Network Components and Software Support: \$700k
 - Performance Monitoring and Telemetry software: \$500k
 - Middleware Components: \$400k
 - Capacity Planning Tool (New): \$416k
 - Pager Duty tool for Help Desk automation (New): \$150k
- Infrastructure: \$715k+
 - End of life components are refreshed (firewall/storage/server hardware)
- Professional Services & Staff Augmentation: \$1.4m+
 - Staff Augmentation services moved from Part 2 to Part 1

* Omnibus Part 2 is an estimated amount as of today. Final amounts will be presented to the December Board.

Executive Summary

Information Systems Advisory Committee Meeting, September 12, 2023

Board of Governors Meeting, September 27, 2023

TECHNOLOGY INFRASTRUCTURE, SOFTWARE, AND PROFESSIONAL AND STAFF AUGMENTATION SERVICES – PART 1

Topic

Enterprise Operations is requesting contracting approval for a broad array of technology goods and services under the spend categories of Infrastructure, Software (inclusive of cloud computing), and Professional and Staff Augmentation Services. This contracting approval is requested for purchases through the list of contracts specified in the Action Item (also referred to as the “Omnibus”), which includes certain existing Citizens-procured contracts as well as certain State Term Contracts and Alternate Contract Sources approved by the State of Florida Department of Management Services (“DMS Approved Contract Sources”). At the time of expenditure, Citizens staff will select the approved contract that provides the best value and meets the business needs of Citizens. Approval is requested for the spend described in Attachment A, Line-Item Summary.

History

Since 2009, Citizens has requested Board approval for technology goods and services via an Omnibus approach, i.e., overall approval of combined items via a single Action or Consent Item. Until 2020, Citizens’ Omnibus request had been presented to the Board in December seeking contracting authority for the following calendar year. Beginning in 2021, Citizens began taking a two-part approach to align with the Board’s request for additional lead time for item approvals during the March 25, 2020 Board of Governors Meeting.

Detailed Explanation

This Action Item (Part 1) is primarily focused on anticipated purchases from January – April 2024. A second Action Item (Part 2) will be primarily focused on anticipated purchases from May – December 2024 and will be presented at the December 2023 Board of Governors Meeting.

This Omnibus approach to Board approval of Technology Infrastructure, Software, and Professional and Staff Augmentation purchases is crucial within the information technology space for a variety of considerations. Volume is one consideration for this approach. Without this one item, Enterprise Operations would take upwards of forty-seven separate Action Items for Board approval in its place. Transparency is another consideration for this approach. While Citizens seeks Board approval for purchases in excess of \$100,000, this Omnibus approach allows transparency to collective spend under these contracts by including spend under individual procurements that are beneath the \$100,000 threshold for Board approval. Finally, urgent and critical needs are another consideration for this approach. While Citizens maintains a thorough and robust planning and budgeting process, unplanned support, maintenance, or professional services are sometimes necessary to ensure business continuity and operations within the organization. This Omnibus approach provides the necessary Board authority for Citizens staff to move forward with critical technology purchases timely and efficiently using the approved contracts and spend.

To effect a procurement under the Omnibus, Citizens’ staff make a request to Citizens’ Vendor Management and Purchasing department (“VMAP”). VMAP then initiates a procurement of the requested products or services consistent with Citizens’ Purchasing Policy, State of Florida procurement laws, State Term Contracts, and Alternate Contract Sources approved by the State of

Executive Summary

Information Systems Advisory Committee Meeting, September 12, 2023

Board of Governors Meeting, September 27, 2023

Florida Department of Management Services. Each procurement decision is made based upon “best value” selection criteria that includes price, vendor experience, quality, functionality, integration, indirect costs, and delivery/implementation timelines. In order for VMAP to process a technology procurement request and to ensure that the spend associated with such a request is consistent with the Omnibus, VMAP requires a procurement justification, the budgeted amount, and a line-item number that corresponds to the Omnibus line-item detail from Citizens’ staff. VMAP then validates the technology procurement request against the budget and against an Omnibus spend tracker to ensure available spend remains prior to conducting the procurement. Once the procurement is completed, and to avoid exceeding the Board’s spend approval for the Omnibus, VMAP records and tracks the committed spend.

This Action Item requests contracting approval in the amount of \$24,547,149 under the following three spend categories: Infrastructure, Software (inclusive of cloud computing), and Professional and Staff Augmentation Services. The estimated contract spend is \$7,399,367 for Infrastructure, \$9,442,312 for Software, and \$7,705,470 for Professional and Staff Augmentation Services, as further provided in Attachment A, Line-Item Summary. Two of these are a New Purchase¹ that exceed \$100,000, which is listed below in the applicable category.

Beginning with the December 2022 Omnibus, approval of New Purchases is requested subject to additional oversight processes. If the New Purchase approved by the Board is estimated to equal or exceed \$100,000 per the Line-Item Summary, and the final purchase cost exceeds the Line-Item Summary estimate by more than 15% or \$50,000 (whichever is greater), the purchase is subject to timely approval of the Board Chair² unless there would be an adverse impact by not completing the purchase³. Purchase items exceeding the described threshold shall be reported to the Board at the next Board meeting. If the final purchase cost of a New Purchase line-item estimated to be below \$100,000 ultimately is equal to or greater than \$100,000, this additional oversight process also applies. Purchases must be within the overall spend authority for this Action Item, though the additional oversight processes are specific to New Purchases. For other line-items that are not New Purchases, the final purchase cost may be adjusted by Citizens staff for changes in business needs or priorities. Since inception of the new purchase process, there have not been any New Purchases introduced outside of the Action Item that required approval by the Board Chair.

Infrastructure

Expenditures under the Infrastructure spend category will utilize the DMS Approved Contract Sources listed below. At the time of expenditure, Citizens staff will select the below contract that provides the best value and meets the business needs of Citizens.

- 180233-001-ACS and 180233-002-ACS Oracle Products and Services
- General Services Administration Multiple Award Schedule
- 43210000-23-OMNIA-ACS-TX Technology Solutions, Products and Services

¹ A New Purchase means an item associated with new-to-Citizens technology in support of an initiative.

² For each such New Purchase item request and to assist in expediting the Board Chair’s review, Citizens staff shall prepare a justification for the purchase and an explanation of how the incremental threshold spend would be funded.

³ For example, a mandatory, required, or high priority initiative that could be delayed or could not otherwise be timely started or completed.

Executive Summary

Information Systems Advisory Committee Meeting, September 12, 2023

Board of Governors Meeting, September 27, 2023

- 43210000-US-16-ACS Technology Products, Services, Solutions, and Related Products and Services
- 43211500-WSCA-15-ACS Computer Equipment, Peripherals, and Services
- 43220000-NASPO-19-ACS Data Communications Products and Services
- 78131804-17-01 Document Management Services
- SUNCOM Voice, Data, Wiring and Cabling, and Conference Services

The estimated spend for the Infrastructure spend category is \$7,399,367, as further provided in the Line-Item Summary. Within the Infrastructure spend category, there are no New Purchases that exceed \$100,000.

Software

Expenditures under the Software spend category will utilize the DMS Approved Contract Sources listed below. At the time of expenditure, Citizens staff will select the below contract that provides the best value and meets the business needs of Citizens.

- 180233-001-ACS and 180233-002-ACS Oracle Products and Services
- General Services Administration Multiple Award Schedule
- 43210000-23-OMNIA-ACS-TX Technology Solutions, Products and Services
- 43210000-US-16-ACS Technology Products, Services, Solutions, and Related Products and Services
- 43211500-WSCA-15-ACS Computer Equipment, Peripherals, and Services
- 43220000-NASPO-19-ACS Data Communications Products and Services
- 43230000-15-01 Microsoft Premier Support and Consulting Services
- 43230000-NASPO-16-ACS-SVAR Software Value Added Reseller (SVAR)
- 43230000-NASPO-16-ACS Cloud Solutions
- SUNCOM Voice, Data, Wiring and Cabling, and Conference Services

The estimated spend for the Software spend category is \$9,442,312, as further provided in the Line-Item Summary. Within the Software spend category, the following are New Purchases that exceed \$100,000:

Line Number Within the Line-Item Detail	Item Description	Item Value
51	Demand Forecasting & Capacity Planning Tool	\$416,000
67	Help Desk and Support Automation Tool	\$150,000

Executive Summary

Professional and Staff Augmentation Services

Expenditures under the Professional and Staff Augmentation Services spend category (which includes contingent workers) will utilize the Citizens-Procured Contracts and DMS Approved Contract Sources listed below. At the time of expenditure, Citizens staff will select the below contract that provides the best value and meets the business needs of Citizens.

- 15-15-0019-01 through 15-15-0019-24 Contingent Staffing Services (Citizens-Procured Contracts)
- General Services Administration Multiple Award Schedule
- 43210000-23-OMNIA-ACS-TX Technology Solutions, Products and Services
- 43210000-US-16-ACS Technology Products, Services, Solutions, and Related Products and Services
- 43211500-WSCA-15-ACS Computer Equipment, Peripherals, and Services
- 43220000-NASPO-19-ACS Data Communications Products and Services
- 43230000-15-01 Microsoft Premier Support and Consulting Services
- 43230000-NASPO-16-ACS-SVAR Software Value Added Reseller (SVAR)
- 43230000-NASPO-16-ACS Cloud Solutions
- 80101500-20-1 Management Consulting Services
- 80101507-21-STC Information Technology Independent Verification and Validation Services
- 80101507-STC-ITSA Information Technology Staff Augmentation Services
- 80111600-21-STC Temporary Staffing Services
- 80111623-19-ACS Procurement Acquisition Support Services
- 81141902-21-NASPO-ACS Information Technology Research and Advisory Services
- 81141902-VITA-18-ACS Information Technology Research and Advisory Services
- 90121702-20-ACS On-Demand Remote Interpreting and Document Translation
- SUNCOM Voice, Data, Wiring and Cabling, and Conference Services

The estimated spend for the Professional and Staff Augmentation Services spend category is \$7,705,470, as further provided in the Line-Item Summary. Within the Professional and Staff Augmentation Services spend category, there are no New Purchases that exceed \$100,000.

Recommendation

The recommendation is included in the Action Item.

Action Items: Items requiring detailed explanation to the Board. When a requested action item is a day-to-day operational item or unanimously passed through committee it may be moved forward to the board on the Consent Index.

Move forward as Consent: This Action item is a day-to-day operational item, unanimously passed through committee or qualifies to be moved forward on the Consent Index.

Consent Items: Items not requiring detailed explanation to the Board of Governors. Consent items are contract extensions, amendments or additional spending authorities for items previously approved by the Board.

<p>Purpose/Scope</p>	<p>This Action Item seeks Board approval to use the specified contract sources to purchase technology infrastructure and related services, software and related services, and professional and staff augmentation services which have been identified by Citizens staff as being required to support Citizens’ business needs.</p>
<p>Contract ID</p>	<p>Technology Infrastructure, Software, and Professional and Staff Augmentation Services – Part 1</p> <p>Contracting approval in the amount of \$24,547,149 is requested to provide for a broad array of technology goods and services under the spend categories of Infrastructure, Software (inclusive of cloud computing), and Professional and Staff Augmentation Services. Staff requests Board approval to utilize the following contract sources as needed to best provide for the business needs of Citizens:</p> <p><u>Citizens-Procured Contracts</u></p> <ul style="list-style-type: none"> 15-15-0019-01 through 15-15-0019-24 Contingent Staffing Services, having a term of December 21, 2015 – December 20, 2023, with two 1-year renewals <p><u>State Term Contracts and Alternate Contract Sources approved by the State of Florida Department of Management Services</u></p> <p>The following contract vehicles have end dates which may be extended by the lead contracting entity.</p> <ul style="list-style-type: none"> 180233-001-ACS and 180233-002-ACS Oracle Products and Services – November 30, 2023, with up to 5-years of renewals available General Services Administration Multiple Award Schedule – end dates vary by contract under GSA MAS

	<ul style="list-style-type: none"> • 43210000-23-OMNIA-ACS-TX Technology Solutions, Products And Services – May 31, 2024, with up to two years of optional renewals • 43210000-US-16-ACS Technology Products, Services, Solutions, and Related Products and Services – October 31, 2023, with optional renewals available through April 30, 2028 • 43211500-WSCA-15-ACS Computer Equipment, Peripherals, and Services – October 31, 2023 • 43220000-NASPO-19-ACS Data Communications Products and Services – September 30, 2024, with up to two years of optional renewals • 43230000-15-01 Microsoft Premier Support and Consulting Services – August 24, 2024 • 43230000-23-NASPO-16-ACS Software Value Added Reseller (SVAR) – April 24, 2027, with two 1-year renewal options • 43230000-NASPO-16-ACS Cloud Solutions – September 15, 2026 • 78131804-17-01 Document Management Services – August 21, 2026 • 80101500-20-1 Management Consulting Services – February 29, 2024, with up to three years of optional renewals • 80101507-21-STC Information Technology Independent Verification and Validation Services – December 15, 2024, with up to three years of optional renewals • 80101507-STC-ITSA Information Technology Staff Augmentation – October 1, 2023, with up to two years of optional renewals • 80111600-21-STC Temporary Staffing Services – July 31, 2024, with up to three years of optional renewals • 80111623-19-ACS Procurement Acquisition Support Services – June 5, 2024, with one 1-year renewal option • 81141902-21-NASPO-ACS Information Technology Research and Advisory Services – January 18, 2024, with two 1-year renewal options • 81141902-VITA-18-ACS Information Technology Research and Advisory Services – March 13, 2024, with one 1-year renewal option • 90121702-20-ACS On-Demand Remote Interpreting And Document Translation – November 3, 2023, with one 1-year renewal options • SUNCOM Voice, Data, Wiring and Cabling, and Conference Services (Because the vendor is a state agency, no end date applies to this contract source.)
<p>Budgeted Item</p>	<p><input checked="" type="checkbox"/> Yes</p> <p><input type="checkbox"/> No</p> <p>This Action Item requests \$24,547,149 in approved contract spend. \$24,111,341 of that amount is for the purchase of technology infrastructure and related services, software and related services, and professional and staff augmentation services that are planned to be procured for 2024 and will be included in the upcoming 2024 budget request that will be submitted to the Board for approval in</p>

December 2023. The remaining \$435,808, which is for purchases planned in 2024 having a contract term extending beyond 2024, will be budgeted in the appropriate budget year.

Procurement Method Consistent with Citizens’ Purchasing Policy and state procurement laws, State Term Contracts and Alternate Contract Sources approved by the State of Florida Department of Management Services (“DMS Approved Contract Sources”) may be utilized by Citizens. The referenced Citizens-procured contracts were originally approved by the Board in 2015 and were procured consistent with the laws, policies, and procedures in effect at the time.

Contract Amount The projected contract spend by category is summarized below, with a more detailed breakdown in the Executive Summary and Attachment A, Line-Item Summary.

Summary Contract Spend by Category	
Infrastructure	\$7,399,367
Software	\$9,442,312
Professional and Staff Augmentation Services	\$7,705,470
TOTAL	\$24,547,149

Information Systems Advisory Committee Meeting, September 12, 2023
Board of Governors Meeting, September 27, 2023
Technology Infrastructure, Software, and Professional and Staff Augmentation Services - Part 1
Attachment A - Line-Item Summary

Line	Description	Existing Contract Vehicle or Anticipated Future Vehicle	Grouping	Omnibus Category	Estimated Omnibus Amount (Estimated Procurement Amount x Estimated Contract Term)	Anticipated First Year Budget Amount (Estimated Omnibus Amount / Estimated Contract Term)	Estimated Contract Term (Years)	(N)ew or (C)ontinuity of Service	Comments for Line Items ≥ \$100,000
48	Cloud Infrastructure - Compute	43230000-NASPO-16-ACS Cloud Solutions	Cloud Services	Software	\$2,000,000	\$2,000,000	1	C	Infrastructure as a Service (cloud computing) annual cost.
49	Application Performance Monitoring	43230000-23-NASPO-16-ACS Software Value Added Reseller (SVAR)	Enterprise Services	Software	\$500,000	\$500,000	1	C	
50	Application Middleware Software Component	GSA MAS	Enterprise Applications	Software	\$420,000	\$420,000	1	C	
51	Demand Forecasting & Capacity Planning Tool	GSA MAS	Enterprise Services	Software	\$416,000	\$416,000	1	N	These tools enable effective strategic planning practices through the ability to accurately forecast the size, cost, and impact of multiple options and in-turn, compare each, in order to inform funding decisions.
52	Network Support and Maintenance	43230000-23-NASPO-16-ACS Software Value Added Reseller (SVAR)	Data Center	Software	\$400,400	\$400,400	1	C	
53	Network Management Software Component	43230000-23-NASPO-16-ACS Software Value Added Reseller (SVAR)	Data Center	Software	\$400,400	\$400,400	1	C	
54	Productivity Software	43230000-23-NASPO-16-ACS Software Value Added Reseller (SVAR)	Enterprise Applications	Software	\$400,000	\$400,000	1	C	
55	Cloud based Customer Service Software	180233-001-ACS - Oracle Products and Services	Enterprise Applications	Software	\$364,000	\$364,000	1	C	
56	Agile SaaS Software	43210000-US-16-ACS Technology Products, Services, Solutions, and Related Products and Services	Enterprise Applications	Software	\$364,000	\$364,000	1	C	
57	Java Long Term Support	43210000-US-16-ACS Technology Products, Services, Solutions, and Related Products and Services	Enterprise Applications	Software	\$359,799	\$359,799	1	C	
58	Vulnerability and Compliance Management Software as a Service	43230000-23-NASPO-16-ACS Software Value Added Reseller (SVAR)	IT Security	Software	\$301,600	\$301,600	1	C	
59	Business Analytics Service	GSA MAS	Enterprise Applications	Software	\$276,000	\$92,000	3	C	
60	Robotics Process Automation (RPA) Software	43230000-23-NASPO-16-ACS Software Value Added Reseller (SVAR)	Enterprise Applications	Software	\$249,600	\$249,600	1	C	
61	Claims Vendor Management Tool	GSA MAS	Enterprise Applications	Software	\$223,600	\$223,600	1	C	
62	Software Support	43230000-23-NASPO-16-ACS Software Value Added Reseller (SVAR)	Enterprise Applications	Software	\$208,000	\$208,000	1	C	
63	Security Operations Software	GSA MAS	IT Security	Software	\$182,000	\$182,000	1	C	
64	Value Stream Engineering Software	GSA MAS	Enterprise Applications	Software	\$176,904	\$176,904	1	C	
65	Storage Components Software	GSA MAS	Enterprise Storage	Software	\$171,600	\$171,600	1	C	
66	Application Server and Database software	43230000-23-NASPO-16-ACS Software Value Added Reseller (SVAR)	Enterprise Applications	Software	\$161,200	\$161,200	1	C	
67	Help Desk and Support Automation Tool	43230000-23-NASPO-16-ACS Software Value Added Reseller (SVAR)	Cloud Services	Software	\$150,000	\$150,000	1	N	This tool helps automate manual work in IT Operations, which leads to better customer service, quicker time to market, and reduction of tickets.
