

What's in Your Kit?

Hurricane Preparedness Kit

Build your hurricane kit with the following items:

Reusable ice/ice packs to keep food cold if the power goes out

Battery-powered flashlights or lanterns

Self-contained first-aid kit, including prescription medications for three days

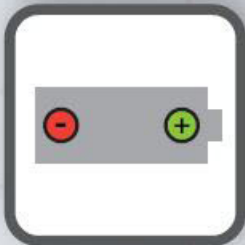

Food and water for three days for each person

Weather band radio to monitor weather alerts

Tarps or flexible, waterproof sheeting in case your home is damaged

Batteries and car chargers for phones and mobile devices

Games and toys

Pet supplies and medications

Cash for post-storm purchases

Important household documents (insurance policy, immunization records, bank information)
