**#CitizensIsReady:** In response to Hurricane Matthew, Citizens is deploying an Emergency Operation Center (EOC) as a service to our policyholders.

The EOC will provide in-person service to policyholders who may be cut off from their usual means of communication. EOC staff can answer questions and help you report a catastrophe claim. They also can issue checks for additional living expenses, if this coverage is available under your policy.

Visit [www.citizensfla.com/hurricane-matthew](http://www.citizensfla.com/hurricane-matthew) to find locations, a list of information to bring to the EOC and helpful recovery tips.
