Hurricane Michael Landfall

Hurricane Michael Landfall Statistics

- First CAT 4 landfall in the Panhandle since 1851 when record keeping began
- Third strongest hurricane on record based on surface pressure of 919 mb
- Strongest hurricane to make a US landfall since Andrew in 1992
- 1 MPH from being a CAT 5 Hurricane on the Saffir-Simpson scale

Saffir-Simpson Hurricane Wind Scale

Category	Wind Speed (mph)	Damage at Landfall	Storm Surge (feet)
1	74-95	Minimal	4-5
2	96-110	Moderate	6-8
3	111-130	Extensive	9-12
4	131-155	Extreme	13-18

Citizens GIS Tool

- Red line represents Michael's post landfall track as posted by the National Hurricane Center
- Highlighted area represents hurricane force winds
- Multi-colored dots represents Policies in Force
- Pre-event email messaging to all policyholders in the storm path

National Insurance Crime Bureau (NICB) Aerial Imagery

Pre-Event Imagery

Post-Event Imagery

- Utilizing NICB Aerial Imagery
 - Hurricane force wind Policies in Force were extracted from Citizens GIS tool
 - Adjusters searched the NICB tool with all Policies in Force addresses for the coastal areas
 - Aerial imagery that showed a total loss or a slab/vacant lot were uploaded as claims into ClaimCenter
 - Adjusters prepared total loss packages within 24-48 hours to settle all of these claims with the policyholder

- Deployment of the Catastrophe Response Centers
 - Entire infrastructure was down from Panama City to Mexico Beach
 - Assisted the policyholder with reporting claims
 - Assisted the policyholder with advances on additional living expenses

- Call Center Outbound Calling Campaign
 - Claims volume seemed extremely low for the event and Citizens wanted to be customer centric to help with the reporting of claims
 - Hurricane force wind Policies in Force were extracted from Citizens GIS tool
 - Call Centers made outbound calls to the policyholder to see if they needed to report a claim
 - Voice mails were left with instructions on how to file a claim if needed when contact was not made

- Mobile Home Claims represents 50% of all claims received
 - Insured based on the value new at the time of manufacture as compared to a home that is valued at replacement cost
 - Policyholder may not be able to replace their mobile home for the insurance proceeds based on how they are valued

- MH Claims After a Hurricane brochure
- Educate mobile home policyholders of the claims process and provide an overview of the coverage available
- Brochure mailed to every mobile home policyholder that filed a claim

Experiencing a loss can be stressful and confusing. Reporting a claim should not be. Report your claim to Citizens at **866.411.2742** (available 24/7) or online via myPolicy at www.citizensfla.com as soon as you become aware of or suspect damage to your insured property.

Citizens is committed to responding quickly to disasters and providing local services and support to policyholders in a crisis. When a catastrophe occurs, Citizens activates a team of managers, support staff and adjusters experienced in handling catastrophic events and the resulting damage claims.

If it is safe, protect your property from further damage and safeguard your home:

- Take photos or videos of damaged areas before making temporary repairs or removing items.
- Secure your property from further damage.
- Inventory damaged items and keep them in a safe place so the Citizens adjuster can inspect them.
- Keep receipts for additional living expenses and all repairs.
- Share your contact information with your agent and adjuster.
- While it's tempting to get repairs started right away, do not sign anything before consulting with Citizens or your agent.

This brochure is for informational purposes. In the event of any inconsistency between this brochure and your insurance policy, the terms of the insurance policy control.

Report your claim before beginning any claim-related repairs. You can report a claim to Citizens, at no cost, even before you know the full extent of damage.

What you'll need:

- Policy number (available on policyholder ID card and the front page of your policy)
- Contact information, including any temporary addresses and/or phone numbers
- Damage description

You'll receive a claim number and contact information for your Citizens claims adjuster. Your Citizens adjuster will call you to discuss the degree of damage to your property and decide the best option for your claim. Our claim service process is designed to expedite the evaluation and resolution of your claim, no matter the degree of damage.

During the claims process, Citizens categorizes claims from Severity 1 (minor damage) to Severity 5 (total loss). Severity 1 and 2 losses are assigned to an inside 'Fast Track' team of adjusters that can evaluate and conclude claim service over the phone and internet. Severity 3, 4 and 5 losses are assigned to a specialized mobile home team, and most will require a field inspection of your property. When storm damages are especially severe, the post-storm process is streamlined and aerial imagery of your property is used. In those instances, a field inspection is unnecessary. Your adjuster will discuss with you if a field inspection is required.

Standard Coverages
Citizens' personal residential mobile home owners' insurance policies include several standard coverage types. Please refer to your policy for specific coverages and amounts of coverage. Your adjuster will review with you all of your contracted coverages and protections with your Citizens policy.

Coverage A – Dwelling
Covers your home and certain attached structures. Coverage is based on the stated value of your home. On homes older than 1994, policy coverage is replacement cost or actual cash value (ACV) with endorsement.

Coverage B – Other Structures
Covers structures not physically attached to your home (for example, storage sheds, detached garages). Coverage limit is 10 percent of your Coverage A. Payments for other structures on mobile home dwelling policies reduce your Coverage A amount.

Coverage C – Personal Property
Covers the depreciated value of your personal property (for example, clothing, furniture). Default coverage limit is 25 percent of Coverage A; increased coverage limits and options may be available.

Coverage D – Loss of Use
Covers incurred additional living expenses and/or fair rental value if your mobile home becomes uninhabitable following a covered loss. Mobile home dwelling policies cover fair rental value only. Payments for fair rental value on mobile home dwelling policies reduce Coverage A amount.

Citizens may require additional information from your bank, mortgage company or your lease holder. To help the claim process go smoothly, you may need to contact them to identify what claim documents may be needed from Citizens.

Your policy covers the removal of debris from destroyed property. Debris removal is included in the Coverage A limit. MHO-3 and MW-2 policies allow for an extra five percent for total loss. Citizens will contract with an independent demolition vendor at our expense to remove the debris. In the event of a total loss, Citizens is required to be in possession of the mobile home title.

As a Citizens' policyholder recovering from Hurricane Michael, you may still be looking for a contractor for covered repairs. Due to limited contractor availability that frequently follows a natural disaster such as Hurricane Michael, Citizens would like to share some information regarding Contractor Connection. This information is based upon Citizens' use of Contractor Connection as the vendor for Citizens' Managed Repair Contractor Network Program for non-hurricane water losses.

Contractor Connection provides access to a network of contractors nationally and within Florida. Key features offered by the Contractor Connection network:

- Credentials every contractor in their network, including assuring each participant has proper licensing and insurance
- Matches network contractors with your specific repair needs
- Requires all network contractors to back their work with a three-year workmanship guarantee
- Monitors projects from start to finish and provides assistance should problems arise
- Allows you to track your project throughout the repair process
