The Florida Office of Insurance Regulation (OIR) has approved updates to Citizens' rules and underwriting manuals. These updates apply to new and renewal policies with effective dates on or after February 1, 2018. The rule updates are outlined below.

Note: Rates will not change until May 2018 (tentative) due to OIR's Emergency Order 214271-17-EO, as announced in the [Agent Updates bulletin](#) dated September 25, 2017. Citizens will communicate the rate and form changes as soon as they are approved.

Rule 206-A: Additional Underwriting Requirements (Loss Frequency)

Updated to include frequency of nonweather water-related losses that could deem a risk ineligible:

- Two or more nonweather water-related losses within 36 months

Updated to remove rules for property over 50 years old.

PR-M Mobile home-owners

Rule 202-B: Eligibility – Underwriting

Updated to allow mobile homes not located in approved parks or qualified subdivisions to be written as a *Mobile Homeowners 3 – Special Form* (CIT MHO-3) or *Mobile Homeowners 4 Contents Broad Form* (CIT MHO-4) policy if it meets all other underwriting requirements.

Owner-occupied risks not located in approved parks or qualified subdivisions may continue to be written on *Mobilehome Dwelling Property 1 – Basic Form* (CIT MDP-1).

Note: Risks may be eligible for CIT MDP-1 (T) if Coverage C is less than \$30,000 and meets all other underwriting requirements.
